

**Bay Area Sunrise Rotary Club - "Project Amigo Visit"
May 17, 2007**

Susan Hill of the Villa de Alvarez Rotary Club and Ted Rose of the Colima (Mexico) Rotary Club presented a very interesting program about their Project Amigo activities in Colima. Project Amigo provides many opportunities for Rotarians around the world to help with scholarship programs, financial donations, hands-on-service, and in-kind donations. Other opportunities include club projects and matching grant projects for computer labs, clean water, literacy and a college endowment fund.
